

Web Design - Nippon Paint Hong Kong

The objective of the project is to re-innovate the online presence of Nippon Paint Hong Kong's brand and match that to her branding position to the marketing.

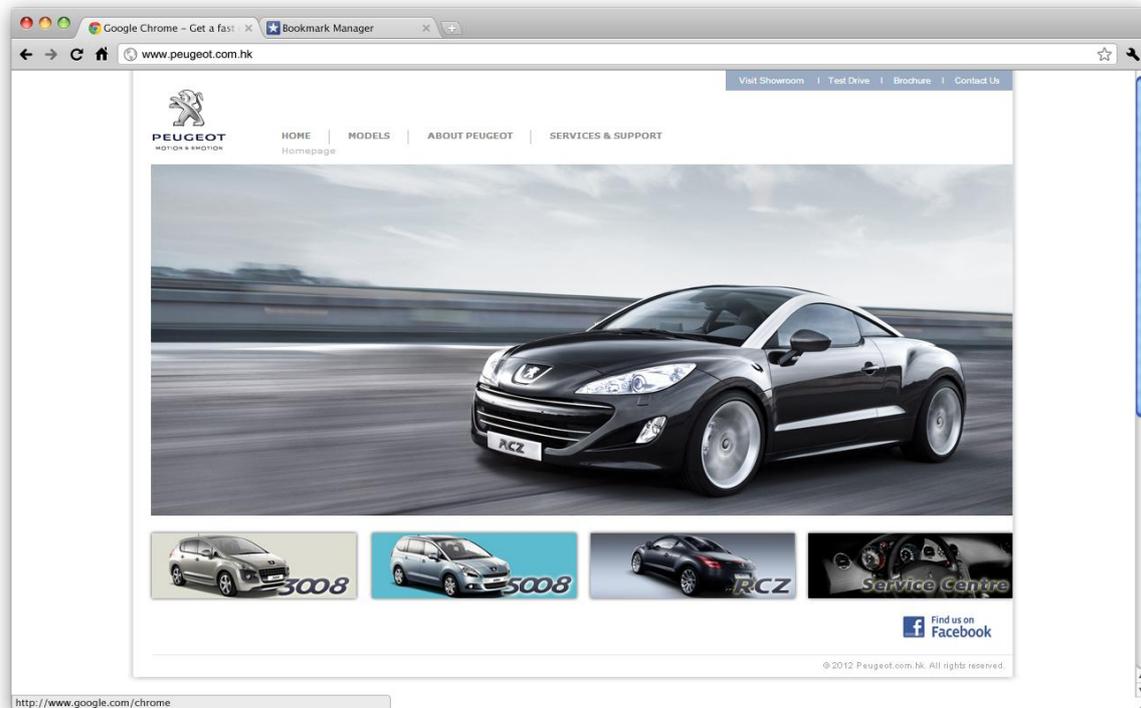

By co-operating with TM&N, our designers help to make the presence of the website with use of different colourful natural scenario as pages background.

And the content management system we deployed is to make sure that our client can update their website easily without destroying the designer's design during the process.

The site is available at <http://www.nipponpaint.com.hk>. Development is in continuous progress in order to further enhance the user experience and make the content more fruitful.
